

We are almost
ready to

re-**OPEN**

Tentative opening date: Sunday September 12

The Corporation has met and is putting together a plan to ensure a safe and comfortable environment for when we are finally able to worship together. Current guidelines limit us to 50 attendees on site, which includes volunteers and presenters. There are many details to still work out, and decisions are being made in accordance with provincial and diocesan guidelines.

We thank you for your patience, understanding and faith in our leaders as we navigate these stormy waters.

1 WEEK TO GO!

Stewardship UPDATE – Spin with Stephen – meet him at the finish line

Remember you can also help raise some funds and have as much fun as I am having by creating your own fundraiser. Let your talents show!

I am confident I will make my goals of 1,000 km's and \$1,000 with your help. I expect it will take me right to the end of Tuesday August 31 for the distance though. 33km's a day may not sound like much, but if you miss a day...yowza! I plan to complete my last km's near the church, rain or shine, and end my trip around 6PM in the church parking lot. If you are around, it would be great to see you, with appropriate distancing of course. Heck - maybe you will ride or walk there and start your own fundraiser :)

See you on the bike lanes.

–Stephen

Another big harvest this week!!

Here's what we are donating to the local food banks this week:

Incarnation's Prayer Team Prayer works when we work it!

As mentioned, our approach to Sunday public prayers is being reviewed and revised. Our aim is to ensure that our Sunday list is current, addresses urgency and is respectful of people who have requested prayers for people. One step is to reduce the number of names read weekly. Many of these names will rotate, as newer names are introduced. Please also know that although the name may not be called on Sunday our dedicated Prayer Team continues to pray for them through the week. I will keep you informed of changes. If you have questions or concerns, please contact me. Blessings as always.

New Climate Change Report Released

The most recent report from the Intergovernmental Panel on Climate Change, an international body of scientists set up by the United Nations, confirms that human-induced climate change is accelerating and is fundamentally changing our only planetary home. “The signs of the times have never been clearer,” said World Council of Churches (WCC) Deputy General Secretary Odair Pedroso Mateus. “The report is a major alarm bell.”

The report finds that we are precariously close to surpassing the relatively safe limit of 1.5 °C global temperature rise—in under two decades—with increasingly disastrous consequences.

People in around the globe, including Canada, are suffering from the effects of record-breaking heat, devastating wildfires and extreme flooding, noted Mateus, and he invites us to lift those suffering in prayer while, at the same time, urgently reacting to the latest scientific evidence that the global temperature is rising. Anglican Family Hub

In response to COVID-19, Children, Youth and Family ministry leaders from the Diocese of Niagara created an online one stop hub for families. Not having that village of extended family, parishioners, teachers, peers, and community supports has impacted families in a way that needed immediate assistance.
